

ATTACHMENT A

Remarks

In the NOTICE OF DRAWING INCONSISTENCY WITH SPECIFICATION it was noted that there was an inconsistency between the figures listed in the Brief Description and those present in the drawings, so that correction thereof was required by the Notice. Therefore, by this Amendment, the specification has been revised in the Brief Description to refer specifically to figures 5A, 5B and 8B as evident from the specification and drawings and as required by the Notice.

As the application is otherwise ready for issuance, prompt issuance hereafter is solicited.
